

NATHANIEL BROWN

235 Water Brook Drive
Oxford, GA, 30054
(914)310-0020
ngbrown11@gmail.com

OBJECTIVE:

To obtain a position in information technology in which I can gain invaluable experience

EDUCATION:

Georgia State University, Atlanta GA

August 2017

J. Mack Robinson College of Business

Bachelor of Business Administration, Computer Information Systems

Dean's List

Relevant Courses: Application Programming (Java), Database Management Systems

PROGRAMMING SKILLS:

- Java (Plan to obtain the Oracle Java certification in December 2016)
- HTML/CSS/JavaScript
- SQL
- Python

PROGRAMMING PROJECTS:

Mobile Application, *Guess the Number*:

- Designed a mobile application that randomly picks a number between 0-100, and allows the user the guess a number until they are correct.
- Implemented with the native android.

Application Programming Interface, *SaaSNoHarass*:

- Worked with a team to design an anti-harassment web service in the form of an api.
- Uses an algorithm to filter through a text entry and returns a percentage for the likelihood that the message is harassment.
- Implemented with javascript and php.

ADDITIONAL EDUCATION:

Coursera:

- Python for Everybody (University of Michigan)
- Interactive Programming in Python (Rice University)
- Managing Big Data with MySQL (Duke University)

Code Academy:

- Learn HTML & CSS
- Learn JavaScript
- Learn SQL
- Learn Git

SKILLS:

- Proficient in Microsoft Office
- Oracle SQL Developer
- Eclipse
- Spanish (Conversational)
